

Department of Homeland Security Active Shooter Preparedness Workshop

September 22, 2015
Seaside Community Center
220 Coe Ave, Seaside CA 93955
John Greathouse-Point of Contact: 831 755-4374

THIS IS NOT A TACTICAL TRAINING COURSE

Given today's ever-changing threat environment, preparing for and training employees to cope with workplace violence should be a key piece of an organization's incident response planning.

A Unique Training Opportunity

The Monterey County Health Department Hospital Preparedness Program and the National Protection and Programs Directorate Office of Infrastructure Protection within the U.S. Department of Homeland Security are hosting a one-day Security Workshop to enhance awareness of, and response to, an active shooter event:

- Educating participants on the history of active shooter events;
- Describing common behavior, conditions, and situations associated with active shooters; and
- Fostering communication between critical infrastructure owners and operators and local emergency response teams. This course includes discussions of interoperability, communications protocols, and best practices for planning, preparedness, and response.

Building Emergency Planning Capabilities

The event will also describe how to incorporate key elements of successful incident management into planning efforts including:

- Communicating with and accounting for employees;
- Building familiarity with local responders and knowing their capabilities;
- Coordinating with first responders before, during, and after an incident; and
- Integrating public affairs into incident management.

Registration

Registration for this event is free. [To register, click here](https://www.govevents.com/details/17741/dhs-active-shooter-preparedness-workshop--seaside-ca-93955/?nlp=79q34256s3854dlu123a) or cut and paste this link into your browser: <https://www.govevents.com/details/17741/dhs-active-shooter-preparedness-workshop--seaside-ca-93955/?nlp=79q34256s3854dlu123a>
