

# **ICS-400 Advanced ICS Command and General Staff – Complex Incidents**

## **Course Prerequisites**

IS 100.c, IS 200.c, ICS-300, IS 700.b, IS 800.d

## **Course Description**

This course, also known as MGT 905, is an advanced ICS course and aims to expose students to the concepts of utilizing area command in major and complex incidents.

## **Course Objectives:**

- Apply key NIMS doctrine concepts such as NIMS Management Characteristics, Unified Command, Incident Command System structure and functional area responsibilities as well as IAP Preparation and the Operational Period Planning Cycle, and incident complexity to the management of a complex incident or event.
- Apply the appropriate structural option to manage a complex incident.
- Given a scenario, develop a basic Area Command organization.
- Identify the complex incident management issues that can result from a lack of multiagency coordination.
